Capable of dealing with giants. Ability to handle
high-pressure situations. Must bring own temper.)

Can YOU do the job?

Find out if you have what it takes in **NBA**, the animated stat-based basketball game. Inside this box is everything you need to play the game, from the opening jump ball to the final buzzer and beyond. Take control of Larry Bird, Dominique Wilkins, Michael Jordan, Kareem Abdul-Jabbar and Bob Cousery. Pick the starting line-ups, send in substitutes and call for the fast break and full-court press. **NBA** takes into account everything that occurs on court. On offense, you call the play. Choose the sequence of passes, but be careful: it increases the chance of two points, but also can lead to a steal or blocked shot. Work the outside, or just go for the three-pointer. On defense, set up outside or close to the basket, go for the rebound, or turn on the pressure and try for a steal. A good NBA coach has to work the bench as well as the floor. Each player's stamina is rated by the number of minutes he can play. Use up your starter too early in the game, and you'll have to send in a sub during those final crucial minutes, and that could turn an overwhelming victory into a closely-contested defeat.

Here's what you get in NBA:

- **A STAT-KEEPER PROGRAM** that allows you to keep track of how well your team is doing. This valuable accessory lets you save stats from the **NBA** game for later review. Individual players' performances and statistics are updated throughout the game. You can view them during and after the game on your screen or printer.
- **20 GREAT TEAMS** from the 1959-60 Boston Celtics to the four top teams from the 1985-86 season: Boston, Milwaukee, Houston and Los Angeles! In between are some of the greatest teams that ever played the game: the 1966-67 Philadelphia 76ers with Wilt Chamberlain and the classic match-up from the 1969-70 season between the Lakers and the New York Knicks!
- **YOUR BRILLIANT PLAY** re-enacted by all 10 players on screen.
- **THREE MODES OF PLAY:** head-to-head, solitaire and autoplay. The autoplay function also allows you to play the same teams several games in a row . . . a needed option to replay a season.

Rules for Commodore 64/128, Apple II series, or IBM-PC & Compatibles

Here's How to Save the Stats at the End of a Game

1. At the end of the game, the scoreboard will appear with the words **GAME OVER** at the bottom. All of the keyboard commands can be used, but no more plays may be called.
2. To return to the main menu, press the **R** key (for Replay).
3. Choose option #2 Update/Create Stat Disk.
4. If you initialized a stat keeping disk and added the two teams that just played to it, choose option #2 Auto Update of stats, and follow the screen prompts as shown.

ATTENTION APPLE NBA OWNERS:

Under the "Substitution" section of the rulebook, please note that to view more statistics on the substitution screen, press the Ctrl + B key on your Apple.

★ AVALON HILL GENERAL

Every bi-monthly issue is jammed full of articles on Avalon Hill games. Written by the AH staff or war- gaming experts and enthusiasts, articles range from historical tie-ins and background events to strategy and tactics. Each issue usually has a SERIES REPLAY, a move by move recreation of a game be- tween two expert players. There are also new product announcements, product reviews, and a contest that gives away over \$150 of merchandise each issue. In recent issues, there have been pro- fessional variants to certain games with special inserts containing new maps or counters. Finally, there is also a postage coupon in every issue, good for help- ing to pay the cost of a mail order.	convinced, order a sample issue first. One look should be enough.
